DESCRIPTION

The design of the armchair focuses on negative space to accentuate the positive elements. Leaving voids to expose the truth within the chair.

SPECIFICATIONS

STRUCTURE FOR ARMS AND BACK SUPPORT

Solid Kiln dried hardwood with Elastic webbing for suspension. All joints in the frame are glued with epoxy and screwed together to ensure years of use without fail. Wood structure for the arms and back are wrapped in a rubber-like Polyurethane foam and then textile. The arms and back are connected by a steel frame and constructed tight seat.

SEAT

Tight-fit memory foam seat wrapped in Ultra-light foam to create a soft crown. Featuring leather piping detail or upgraded to a full fold tufted seat.
